

WE HAVE BEEN IN THE HEART OF
THE **ERP INDUSTRY** FOR THE LAST DECADE.

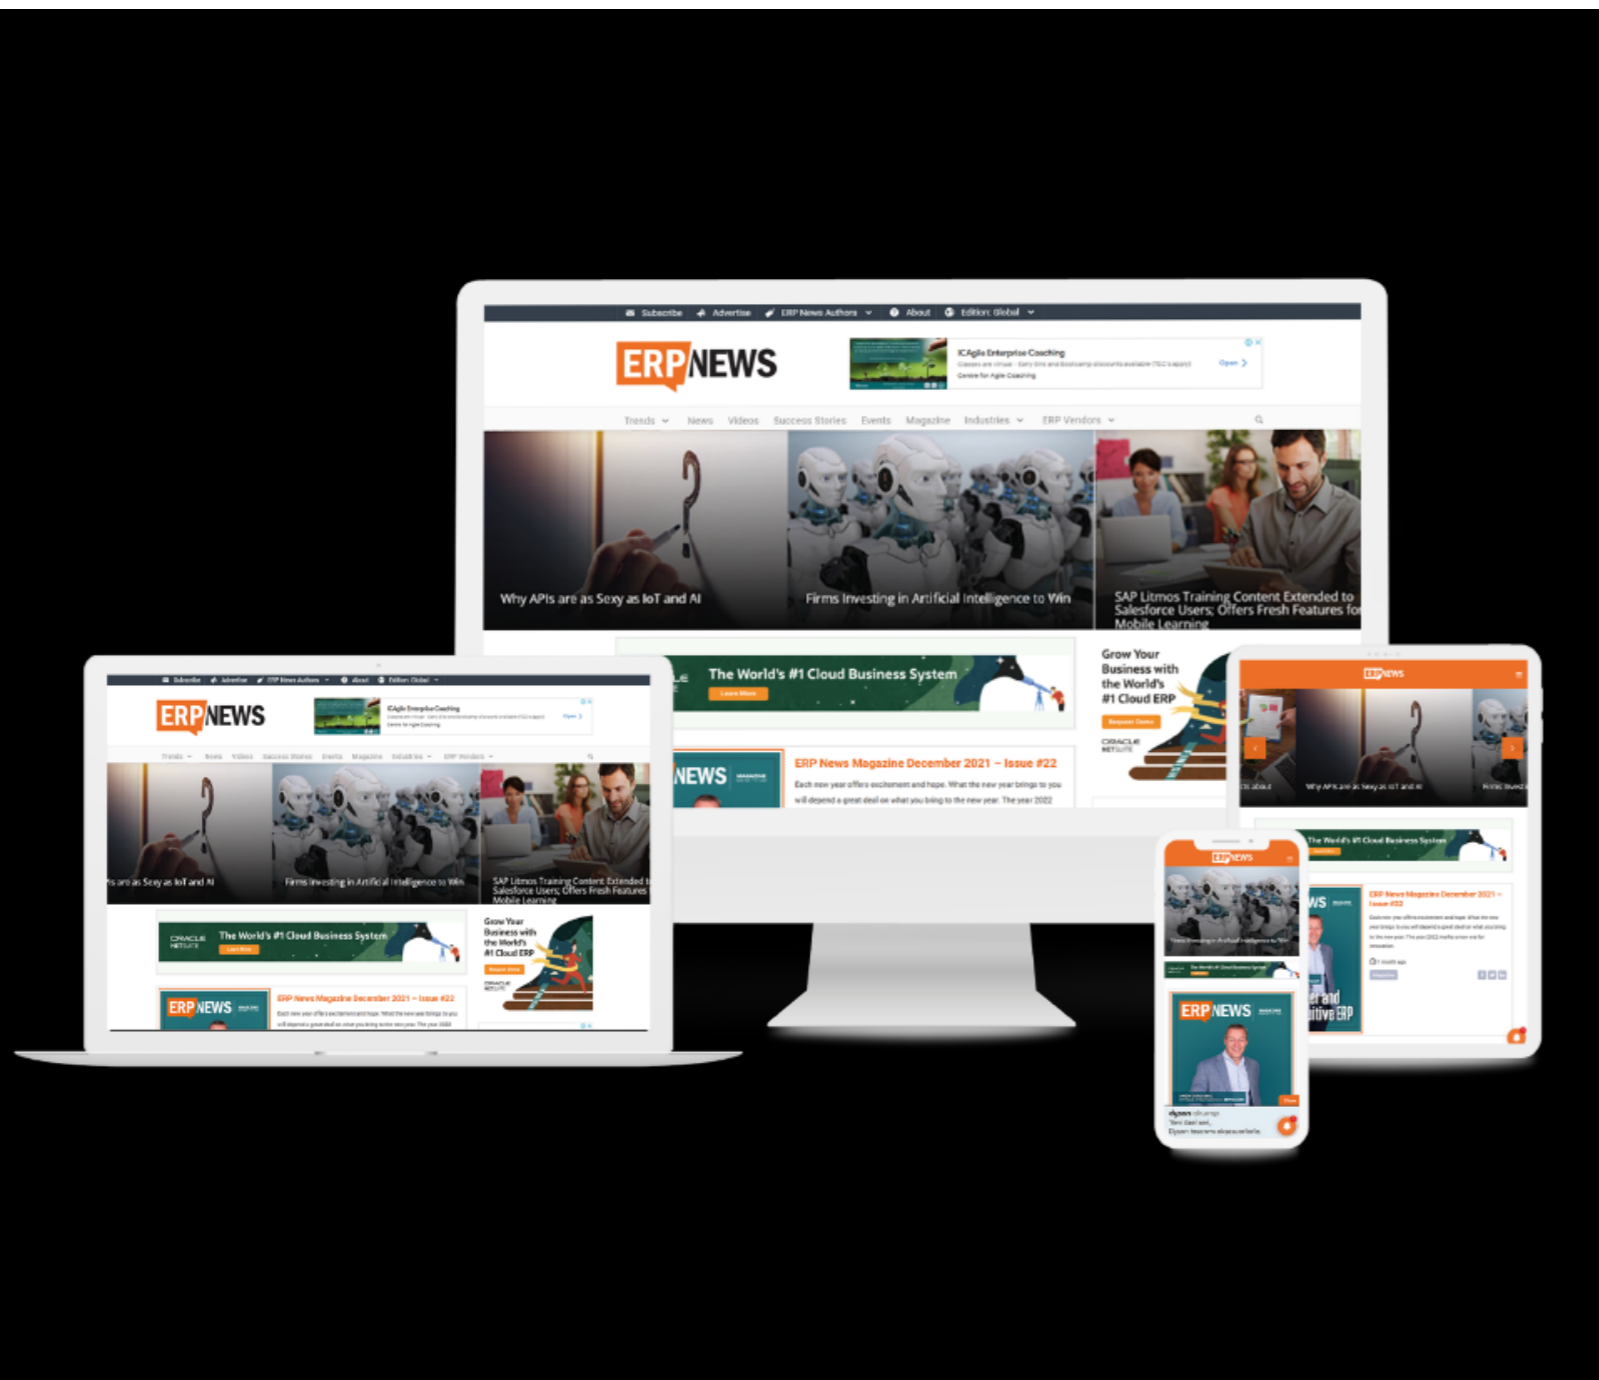

OUR Story

ERP Industry is deep-sea, but the resources and advertising channels are just that limited. When we first realized the hunger for a rich resource about the ERP industry in 2010 our dream was to build such a platform that would be a reference guide to decision-makers with a strong social media network. This could only be possible if we shared the most accurate and reliable content with our readers. Today ERP NEWS evolved into one of the top online platforms focusing only on the ERP Industry. Over the past decade, ERP NEWS has expanded its global network and reach by following every development closely in the enterprise software industry.

And in 2019 we have added ERP NEWS Magazine to our digital media portfolio which is also continuing to reach out to a worldwide audience. It provides in-depth coverage of ERP technology and product developments. ERP News Magazine is also a unique platform where you can find a compilation of responses from industry experts who contributes to the magazine every month.

Today, leading ERP vendors and partners rely on ERP NEWS to boost their brand in the market using all the digital channels of ERP NEWS. We also create strategic marketing and communication solutions for ERP Vendors. Content creation, SEO, Social Media Promotion are among our expertise.

ERP News is the biggest news and information platform about ERP where the ERP vendors can be visible to the right audience who are trying to make the right choice for them organizations. If you are an ERP vendor, you should not get lost in the huge technology world when you advertise. If you want to focus on the right audience, our team can prepare the most effective brand campaigns in which you can generate leads for your products.

Vendor Voice

Would you like to be a part of our Vendor Voice platform and stand out in the ERP industry?

As an ERP Vendor or a partner, you can share the latest news, product innovations, interviews, and success stories on your own microsite, and position your company as an authoritative source for your area of expertise. Just be a Part of it and boost your industry presence with Vendor Voice!

ERP NEWS Magazine

Enterprise Resource Planning Software supports innovation by driving changes and improvements in business process, so it is critical to ensure that ERP software solutions evolve constantly to enable businesses to further innovate. ERPNews Magazine was born to shed a light on this constantly innovating industry of ERP, but it has also turned into a community that brings the software vendors, partners, and businesses together.

Every month, ERPNews Magazine compiles the most up-to-date news, and success stories about the ERP industry and several responses and articles from industry experts to enlighten your ERP journey. ERP News Magazine includes the latest innovations, experiences of other businesses, writers, and industry leaders, and much more and it continues to be a platform that grows and evolves every month!

You can contribute to our magazine with your thoughts on the ERP industry or we can create content for you! You can also advertise in ERP News Magazine to make your company visible in the ERP World.

So be a PART of it and contact us!
